

PROPOSED SOLUTION

Team Members:

19C085 – Sakthidevi A S

19C090 – Shalini P

19C096 – Shruthee B

19C104 – Stephy M

NOVELTY

This project will analyse the text response of employees who apply to leave the company and understand the general emotion of the paragraph.

FEASIBILITY OF IDEA

This may receive a better response as it gives insights into the text response of the employees who apply to leave the company.

BUSINESS MODEL

It will be an open-source application.

SOCIAL IMPACT

Corporate companies can retain their employees better if they can find the reason for attrition. Thus, reducing unnecessary costs for the company.

SCALABILITY OF SOLUTION

It can be scaled down to accommodate the organizational structure of NGOs and small scale companies.
